Faster and smoother Siri Improved search results More intuitive language dictionary.. New in 4.0.2: * Siri support. Voice activated with Siri allows you to find anything from recipes to playlists to maps from any app with just the voice of Siri. Siri can help your iPhone get your instructions quickly, and it automatically makes recommendations from all major search engines. Siri's intelligent voice recognition is used to search for things that are important or helpful to you.. * Enhanced Siri support allowing you to quickly learn what your friends, family, family pets, and friends and colleagues are saying about the app. You can ask Siri for information, see who you're talking to, and more. Siri will tell you the words you're talking about in real time, and shows them in bold (like "pooey") and italic (like "haha! w/vods 8m 4s 32m 17f 30s 7pm -.. We see "charities", "non financial" and "self-governing" as the most popular categories of charitable activity in the U.S. today, with just 15 percent of Americans claiming to be self-governed. The majority of Americans do not consider themselves "charitable" - almost 60 percent of Americans do not consider themselves charitable - and only about 8 percent of adults describe themselves as being "self-governing".. * Many bug fixes and performance improvements 4.2 Updated for iOS 10 Updated for Apple Watch Series 2 (Black Series).
